

CSHCS INFO #10-2012 - Transportation FAQs
Mon 8/6/2012

Hi Everyone. We've come up with the idea of posting some Frequently Asked Questions on the CSHCS website regarding transportation for parents/families. I'd like your assistance. As you are the best links with our families, what questions are you getting about transportation? What information do you think needs to be widely shared? If you'd share the questions and thoughts with me, I'll compile a list for everyone to review before it's posted for parents on our CSHCS website. My goal is to make these FAQs a resource you can use when working with our families.

You can send them to me at pendletonc@michigan.gov. Thanks so much for your help!
